Firearms Eligible for Registration

In general, rifles, shotguns, revolvers, and handguns may be registered in the District of Columbia. Per DC Official Code § 7-2502.02, as amended by the Firearms Control Amendment Act of 2008, registration of the following firearms is prohibited in the District of Columbia:

1. Sawed-off shotguns, defined as having a barrel of less than 18 inches in length; or a firearm made from a shotgun if such firearm as modified has an overall length of less than 26 inches or any barrel of less than 18 inches in length. (D.C. Official Code § 7-2501.01(15))
2. Machine guns, defined as any firearm which shoots, is designed to shoot, or can be readily restored to shoot, automatically more than one shot, without manual reloading, by a single function of the trigger. (D.C. Official Code § 7-2501.01(10))
3. Short-barreled rifles, defined as a rifle having any barrel less than 16 inches in length, or a firearm made from a rifle if such firearm as modified has an overall length of less than 26 inches or any barrel of less than 16 inches. (D.C. Official Code § 7-2501.01(17))
4. .50 BMG rifles, defined as:
 - i. A rifle capable of firing a center-fire cartridge in .50 BMG caliber, including a 12.7 mm equivalent of .50 BMG and any other metric equivalent; or
 - ii. A copy or duplicate of any rifle described above, or any other rifle developed and manufactured after the effective date of the Firearms Registration Emergency Amendment Act of 2008, enacted on an emergency basis on January 6, 2009 (Act # 17-651), regardless of caliber, if such rifle is capable of firing a projectile that attains a muzzle energy of 12,000 foot-pounds or greater in any combination of bullet, propellant, case, or primer.
5. An assault weapon, defined as: (DC Official Code § 7-2501.01(3A))
 - i. The following semiautomatic firearms:
 - (I) All of the following specified rifles:

The term assault weapon excludes any antique firearm or certain pistols designed expressly for use in Olympic target shooting events, sanctioned by the International Olympic Committee and by USA Shooting, the national governing body for internation-

al shooting competition in the United States, and used for Olympic target shooting purposes. For more information, please contact MPD's Firearms Registration Section.

- 6. An unsafe handgun prohibited under DC Official Code § 7-2505.04. This provides that beginning January 1, 2009, a pistol that is not on the California Roster of Handguns Certified for Sale, (also known as the California Roster of Handguns Determined Not to be Unsafe), may not be manufactured, sold, given, loaned, exposed for sale, transferred, or imported into the District of Columbia, unless it was owned and registered before this date.

Handguns on the roster have passed firing, safety, and drop tests and are certified for sale in California by the California Department of Justice. The Council of the District of Columbia has determined that prohibiting handguns that are not on the California roster will help to protect residents from unsafe handguns that are more prone to accidental discharge, lack safety devices to prevent unintended discharge, misfire, and are prone to firing when dropped. For more information on the California certification program and requirements, please consult with the Bureau of Firearms in the Office of the Attorney General, State of California Department of Justice (<http://ag.ca.gov/firearms>).

The complete California Roster of Handguns Certified for Sale, as of January 1, 2009, is provided below. The District law provides for a few exceptions to this list, including firearms defined as curios and relics (27 C.F.R. § 478.11) and certain pistols designed specifically for use in an Olympic event. The Chief of Police is authorized to periodically revise, by rule, the roster of handguns permissible for sale. An owner of a handgun that is not on this list but was lawfully registered before January 1, 2009, may sell it to a firearms dealer licensed in the District of Columbia.
